EXAM PROCTOR

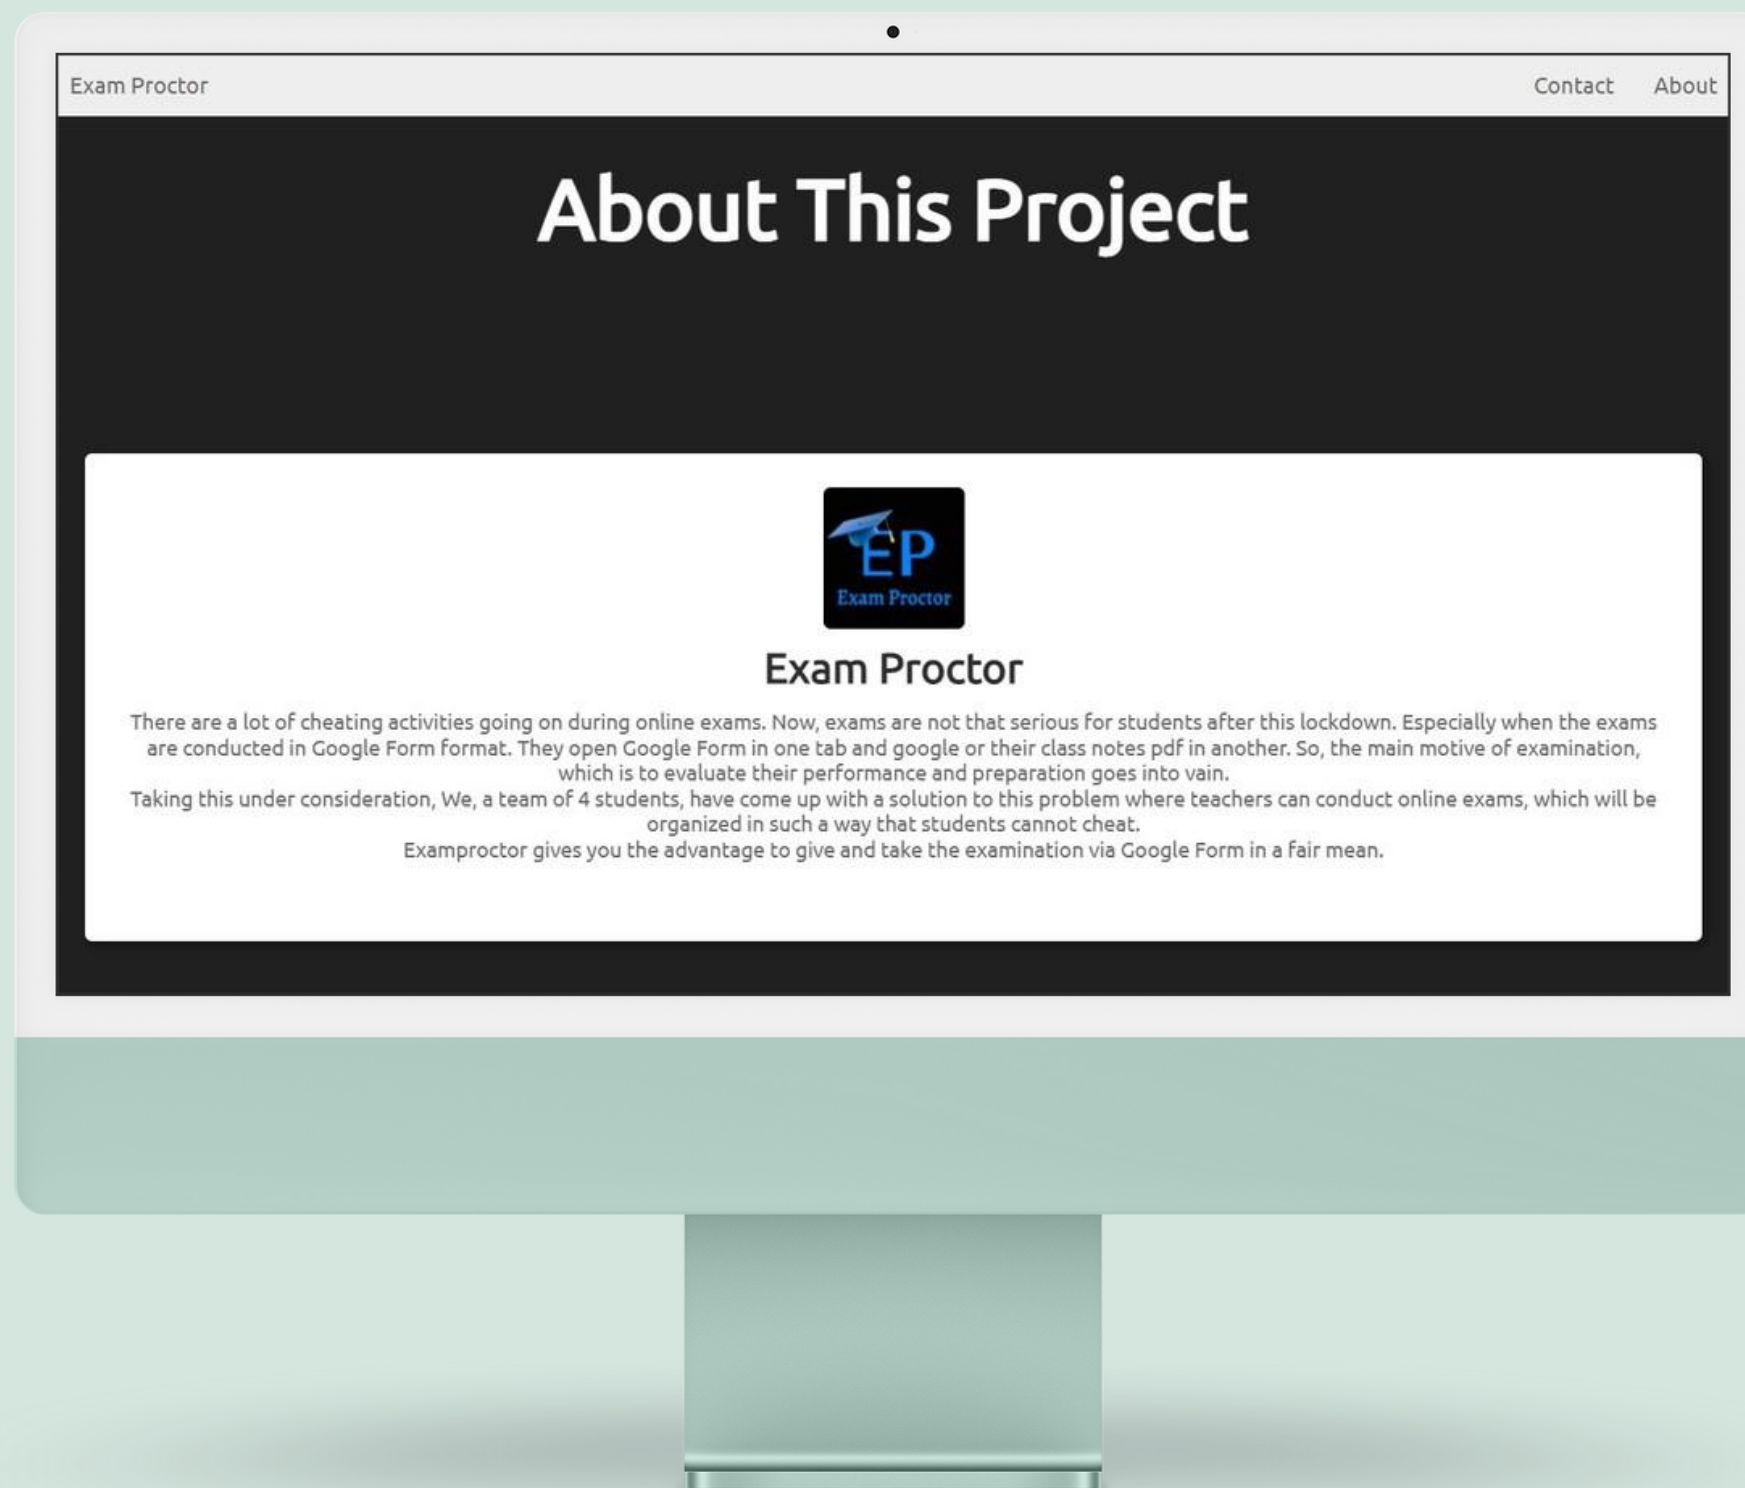

About This Project

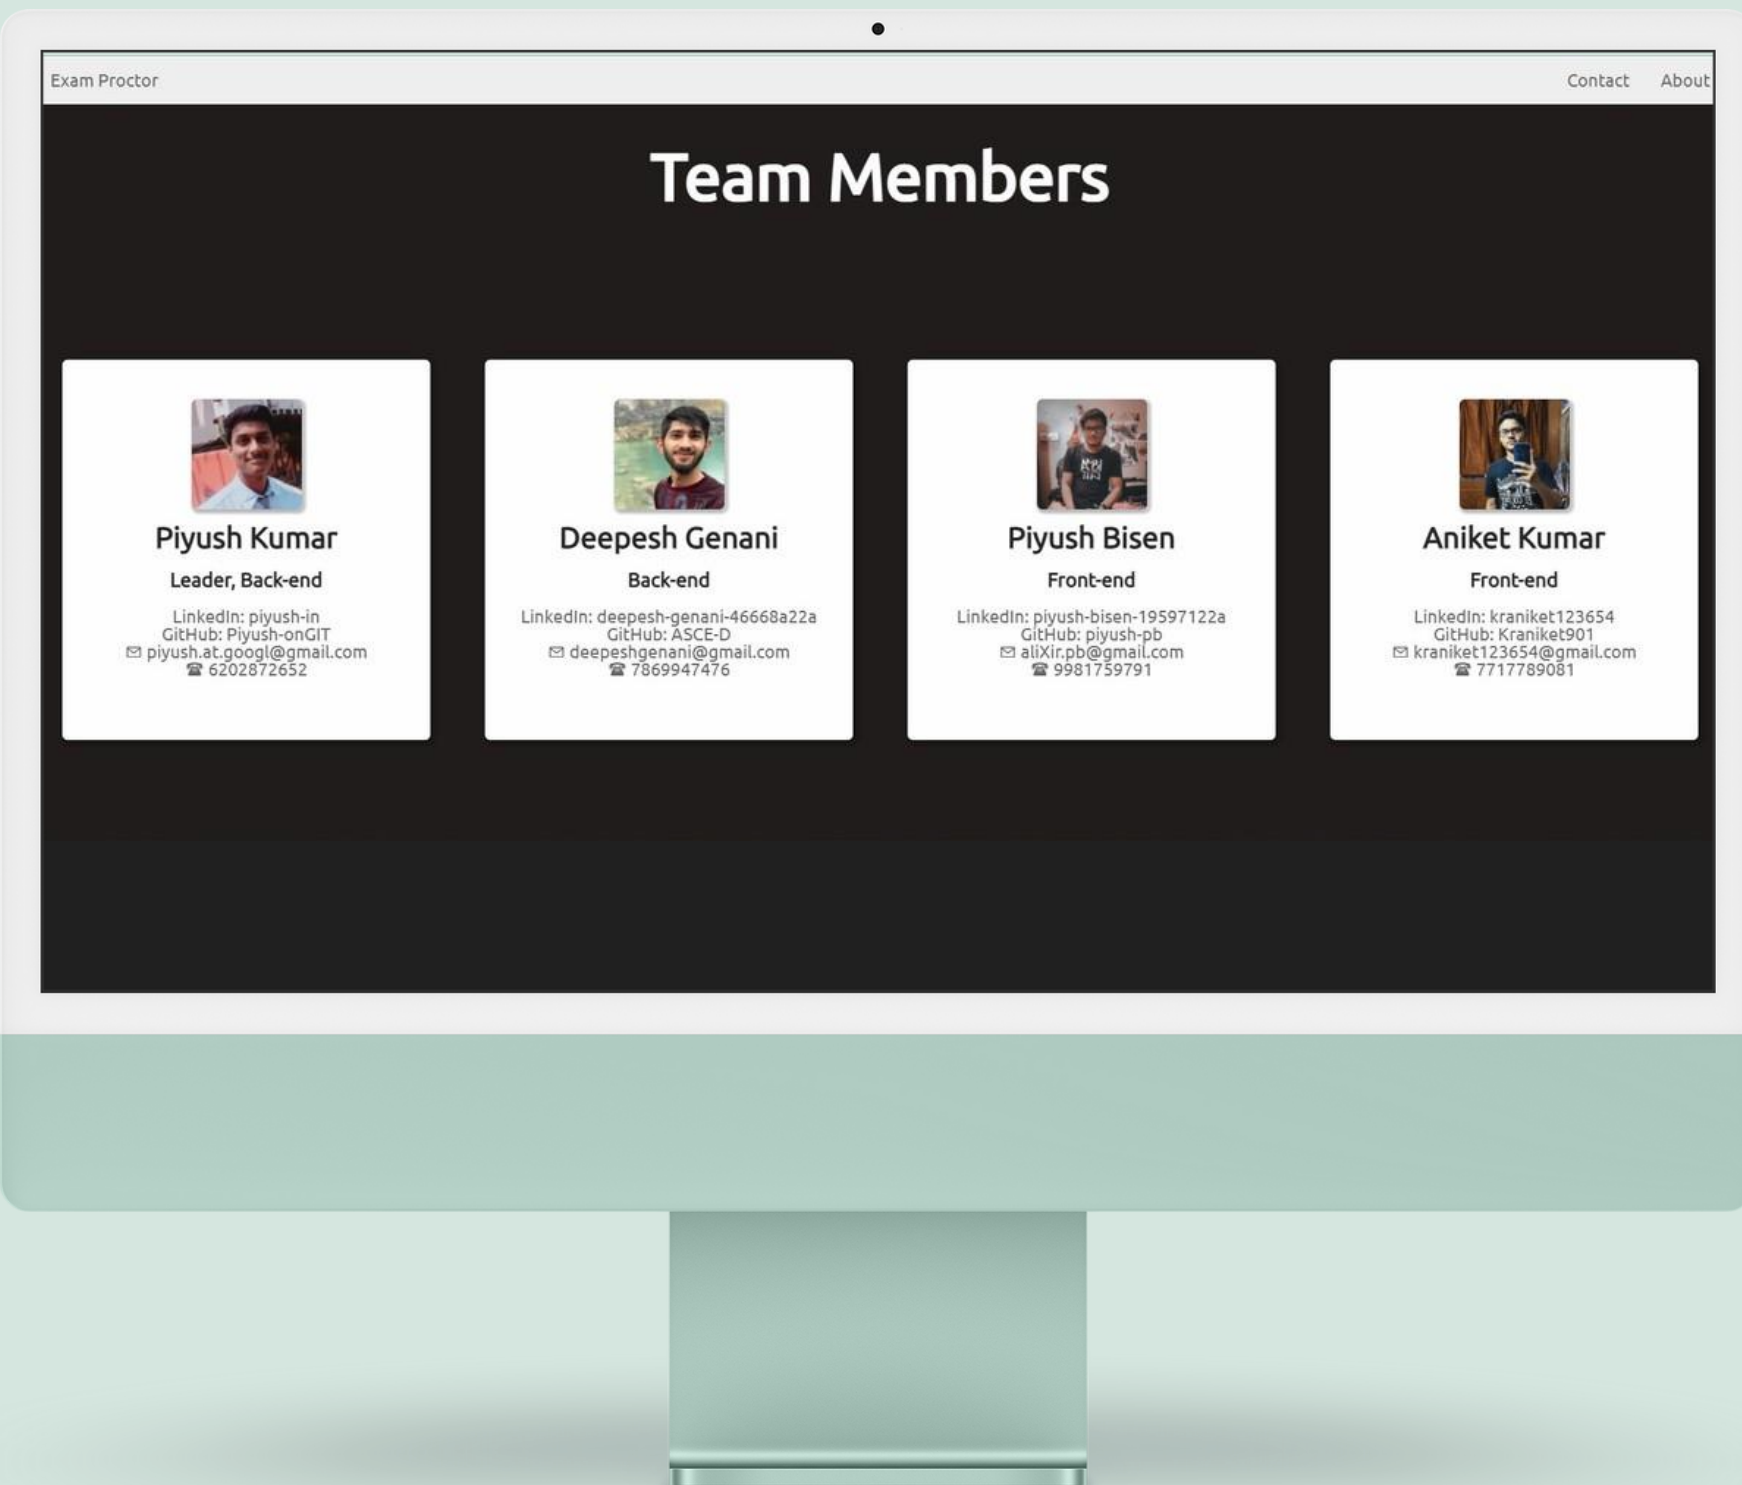

There are a lot of cheating activities going on during online exams. Now, exams are not that serious for students after this lockdown. Especially when the exams are conducted in Google Form format. They open Google Form in one tab and google or their class notes pdf in another.

So, the main motive of examination, which is to evaluate their performance and preparation goes into vain.

Taking this under consideration, We, a team of 4 students, have come up with a solution to this problem where teachers can conduct online exams, which will be organized in such a way that students cannot cheat.

Examproctor gives you the advantage to give and take the examination via Google Form in a fair mean.

Enter The Semester:
1st/ 2nd / 3rd and so on

Section

Enter The Section for
which you are preparing
the Test

The screenshot shows a web browser window with the title 'EXAMPROCTOR' and navigation links 'Contact' and 'About'. The main heading reads 'Just Give Me the Link of Google Form, I Will Conduct Your Exam Cheating-Free.' Below this, there are four input fields: 'Subject Code', 'Semester', 'Section', and 'Paste the Link of Google Form'. The 'Paste the Link of Google Form' field contains the placeholder text 'Paste here'. A blue 'Submit' button is located at the bottom of the form.

Subject Code

“Subject Code” is a three or four-letter code used in SLU's curriculum management schema to identify generally the discipline or subject matter of a course

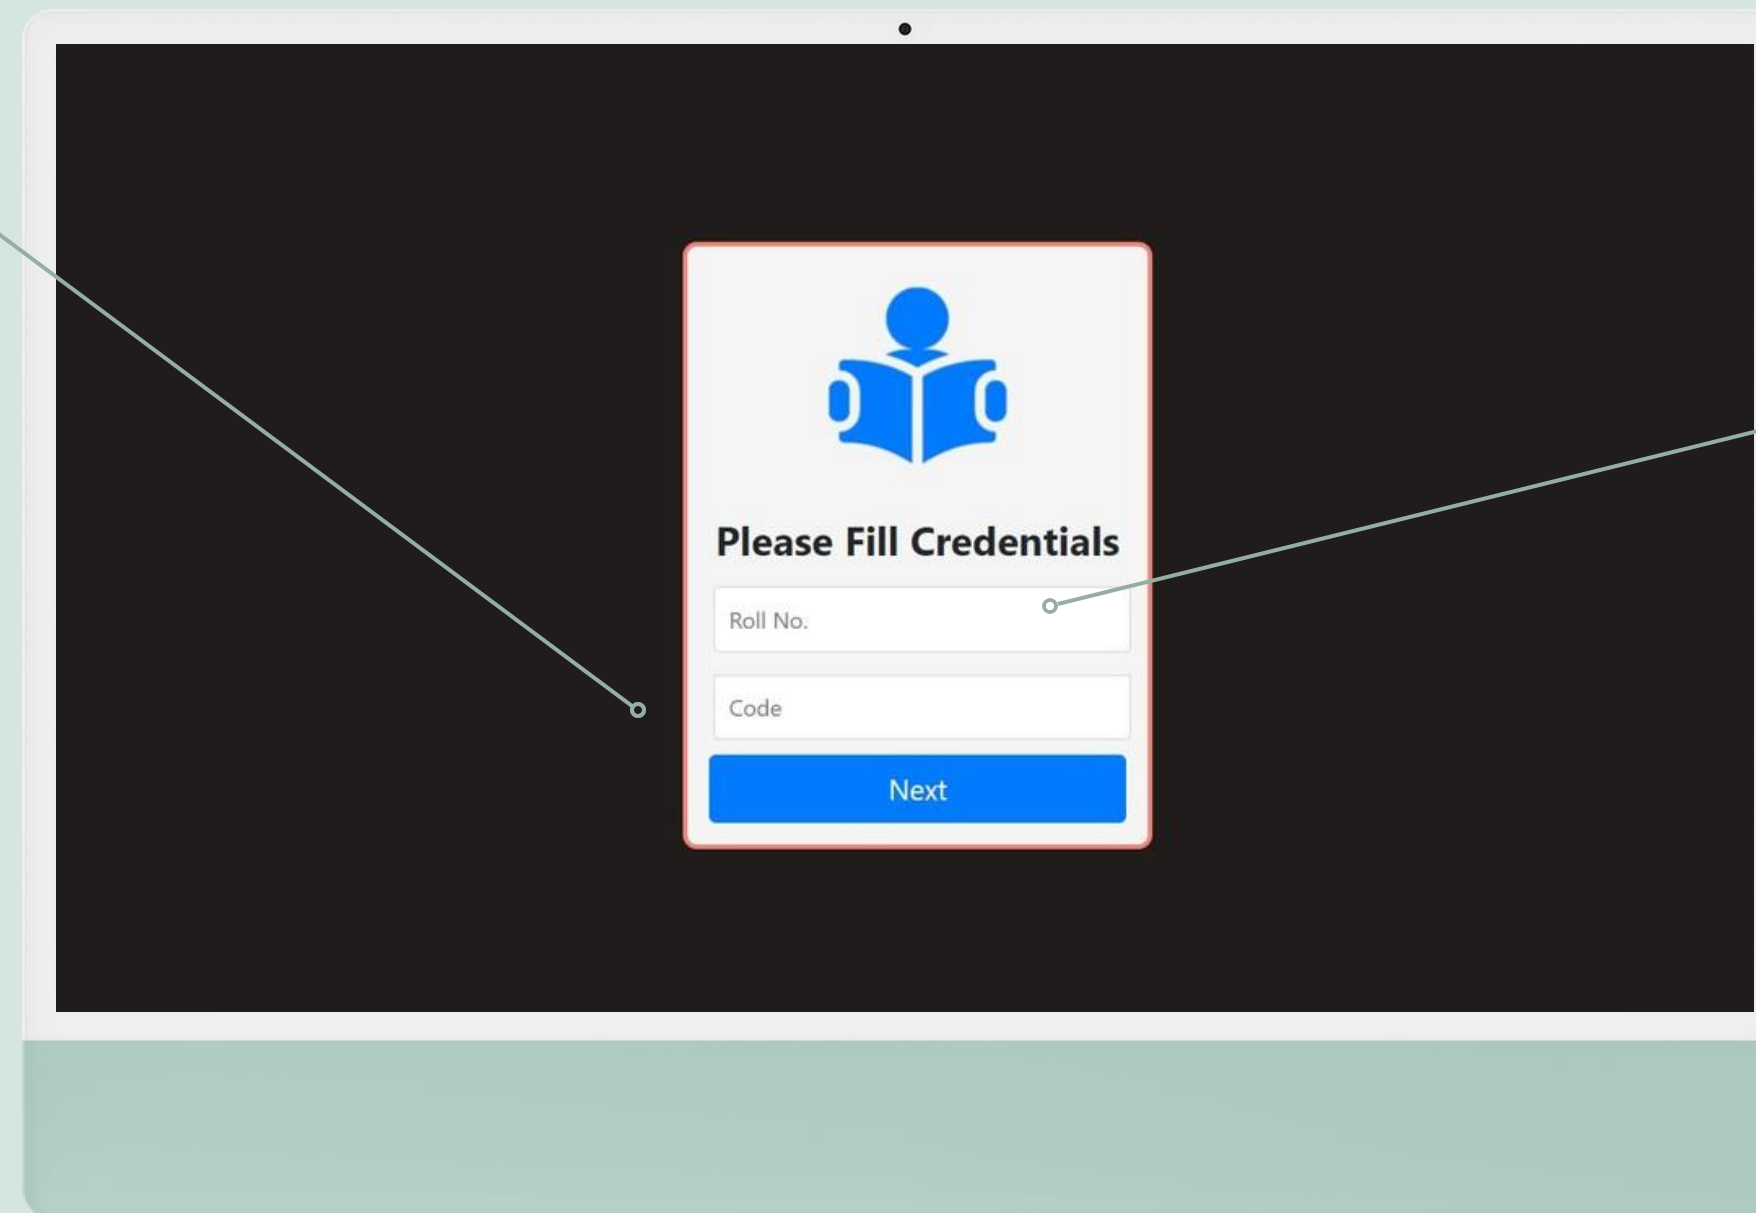

Paste Google Form Link

Paste The Link You Copied Earlier From Google Form of Test
